Hi Mark – This morning we took a look at the information you sent. Thanks for sending that. Kush and I were thinking we would receive some photos taken while standing on the east side of the shredder, since that is where we were not able to go on April 3rd due to safety concerns because the shredder was in operation. So, can Sims please send photos taken from there? I attached a diagram showing the general area photos should be taken from.

Please let us know when we can expect the photos.

Thanks,

Monica
